MEMORANDUM FOR: Commander-in-Chief  
Strategic Air Command  
Air Force Base  
Omaha, Nebraska

ATTENTION: DIMP

SUBJECT: Request for Air Targets Material

1. It is requested that the Central Intelligence Agency be put on continuing distribution for five (5) copies of charts produced by the Strategic Air Command specifically at the scales of 1:200,000, 1:100,000, 1:50,000, 1:25,000 and for five (5) copies of Information Sheets.

2. It is further requested that five (5) copies of all previously published SAC charts and Information Sheets be furnished this Agency.

3. In addition two (2) copies of all indices, catalogs and status reports are requested on a continuing basis.

4. This should not be considered as a routine request, since it is well recognized within the Agency that these materials are not produced in quantities conducive to large automatic distributions. The Agency has long sought to obtain the maps and materials, however, and the fulfillment of this request will see the materials placed in the Agency's Map Library, and the meeting of the numerous internal requirements that are constantly occurring.

5. Please forward these materials to the Central Intelligence Agency, Attention: Map Library Division, 2430 "E" Street, N.W., Washington 25, D. C.

FOR THE ASSISTANT DIRECTOR, RESEARCH AND REPORTS:

ORR:D/GL: [redacted]
